Access BDD are one of Europe's leading suppliers
of stairlifts, platform lifts and home lift solutions.

HomeGlide Outdoor Stairlift

FOR STRAIGHT STAIRCASES

We are pleased to offer the latest addition to our straight stairlift collection, the HomeGlide Outdoor, the perfect solution for all outdoor staircases around your home.

The HomeGlide Outdoor stairlift combines all of the features and functionality of the standard HomeGlide indoor stairlift. In addition, to provide you with the ultimate in industry-leading weather protection technology, the HomeGlide Outdoor model comes with more than 30 completely new components and in excess of 80 specially treated components to provide you with a stairlift that can be used at any time of the year.

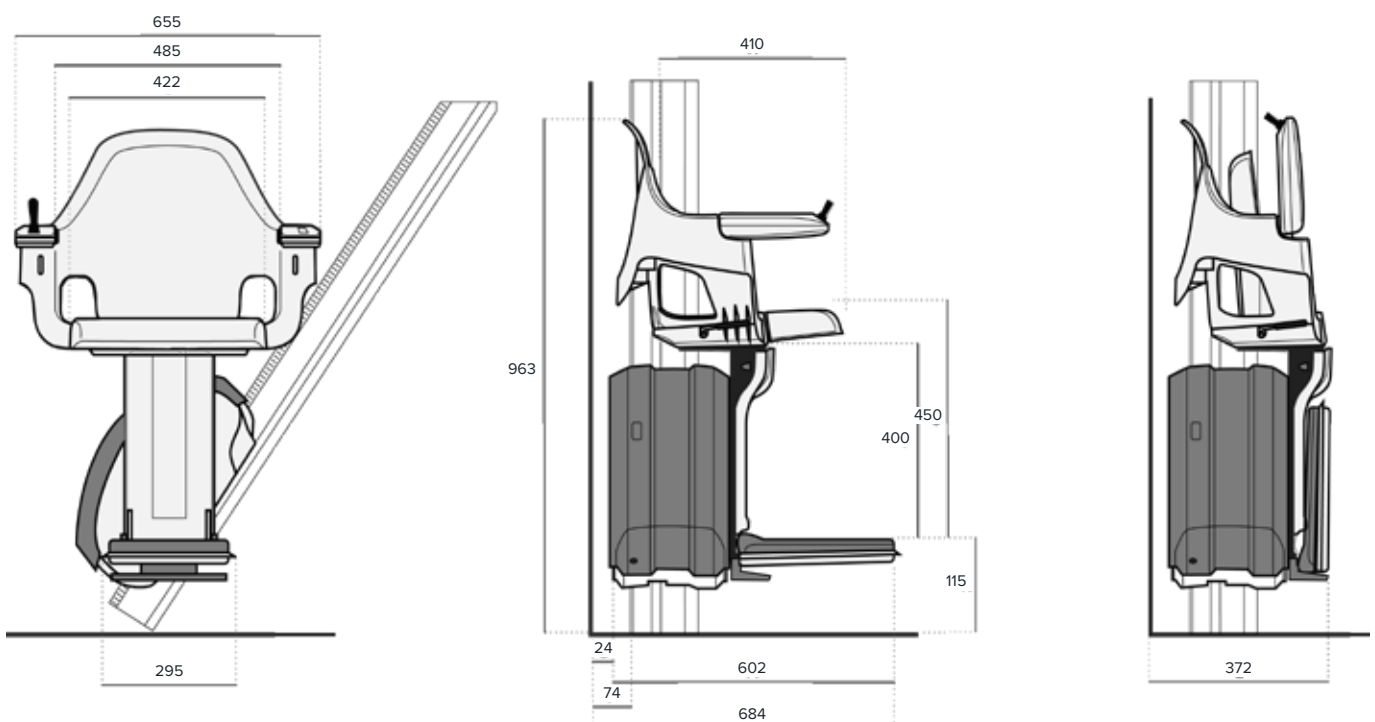

HomeGlide Outdoor has successfully passed a range of industry accepted corrosion, rain protection and climate testing to ensure reliability and performance. A weatherproof cover is provided with your stairlift for use when HomeGlide Outdoor is not in use.

The HomeGlide range of stairlifts - regaining your independence both inside and outside your home with comfort, reliability and safety.
